Greetings!

Have been thinking of you and thought I should send you a greeting. I am fine, I can't read or write as a result of a stroke suffered a year ago. However, I surround myself with people who can do that for me. I have all but eliminated my travels as well.

I can report that Ed Rochette suffers severely from Alzheimers and is beyond communication.

I see Cliff Mishler almost every day. He reported to me today that Margo Russell has passed away.

All is well in Iola, hope the same for you.

Sincerely,

Chet Krause
